

The “Huiles Consolatrices Adevaya”, Adevaya Solar Oils

***“Creation can only be effected with the participation of the Man who loves
and who gives.” (Françoise Leskens)***

The ***“Huiles Consolatrices Adevaya”*** are synergies chosen with care and dynamised. They are composed of various vegetable oils, essential oils, solar macerations of fresh plants and diverse minerals. They are destined for external usage and aimed at disharmonies and hurts at different levels of being.

All the constituents, some very rare, are selected for their physico-chemical and energetic action, for their scent, their colour and their capacity of response to the process of “elevation” of matter to the Life that animates it.

The products thus obtained are “alive”, biochemically and vibrationally active.

The ***“Huiles Consolatrices Adevaya”*** are developed with practical skills and conscientiously, according to a particular operational technique, respecting balances of Sun and Moon and Heaven and Earth (Biosphere).

“Trinitarian” in the image of the human being, they have been elaborated in order to enter into resonance with the threefold nature of our functional unity in are-unified and sacralised oneness of Body, Soul and Spirit.

The totality of the process of elaboration is in the image of the initiatory path of Man in his journey of Return to what he is from all eternity, a spiritual being living a human experience.

The ***“Huiles Consolatrices Adevaya”*** are a living matter, re-unified and awakened by the consciousness of Love- Light necessary to their elaboration; they are sacred products. They are Virgin Lands, ready for sowing, ready to receive Consecration. (Consecration: Etym. “with the sacred”)

Successive deaths and engenderings of the matter offered, which is re-born to itself, accomplished matter, “crowned” matter. The cells remember their primordial unity. The unpassable threshold is passed over...

***“Be faithful unto death and I will give you the crown of life.”
(John, Apocalypse 11;10)***

Sacred and consecrated, the **“Huiles Consolatrices Adevaya”** react to the consciousness-love of the person using them, transmitting it to all levels of the organism.

Taking the path from wounded love to Healing Love, the Soothing Oils and Anointing Therapy re-inform the being of the presence of the Living One and give him back the possibility of recovering his vital harmony, his referential health.

The liberating and soothing act of anointing, a pure act of therapy, can only be applied to the rising flow of an open heart. Every intellectual knowledge can only surrender to the service of the power of a radiant heart.

The **“Huiles Consolatrices Adevaya”** are only destined for external application. They cannot replace the prescriptions and advice of your doctor. Their action is complementary.

“The fine point of the act of therapy is LOVE.” (Françoise Leskens)
