

“Parfum Consolateur Unité”

Unity Solar Perfume

***“In a dark and profound unity,
Vast as the night and like brightness,
Perfumes, colours and sounds respond to each other...”***
(Ch.Baudelaire)

From its very composition, the ***“Parfum Consolateur Unité”*** has a deep psycho-physiological action, via the sense of smell.

It is a key to the rediscovery of the dynamic balance of reconciled opposites on the physical, emotional and spiritual planes.

The mediation of opposites is effected by the action of ***“Parfum Consolateur Unité”*** bearing on the right and left side of the brain; thus rational thought, creative thought and feeling can be harmonised. The two sides of the brain, working on the same frequency, are no longer in disharmony but working in synchronicity. This synchronicity of the hemispheres brings the interior “reunification” which is necessary on the path of Health, Love and Joy.

“Parfum Consolateur Unité” is a therapeutic perfume which acts on mediation and equilibrium. It is a perfume of the Being, bringing us together with the ideal of the Living Being; Men and Women, anchored between Heaven and Earth and associated with the work of Creation.

It brings us back to what is essential and to interior silence.

By giving us back consciousness of the Universal and of our own Unity, ***“Parfum Consolateur Unité”*** can help us to rediscover our security and the capacity for

confidence in Life.

“Parfum Consolateur Unité” is the perfume of self- accomplishment.

It is to be used in the case of the following nervous and emotional unbalance: instability, sadness, melancholy, agressiveness, nervousness, irritability, depression, sleep-problems and stress. And, quite simply before meditation and prayer.

The perfume can be used equally in everyday life, easily usable and whenever the need is felt (in the family, at a meeting, in the car, in the evening...)

“Parfum Consolateur Unité” can be used as a therapeutic perfume, but also in olfacto-therapy, endo-nasal sympatico-therapy and auriculo-therapy.
