

“Huile Consolatrice MoonStar Blue”
Anointing Solar Oil

***In the heart of Matter
Fruit of the Womb-Matrix
Though love manifest
SHE give of herself.
Infinity emerges,
Unveiled...
Through Venus,
Here, Infinity is manifested...
Within your Heart lies the treasure .
(MYRHA Book 2 : La Matrice)***

Action :

This Anointing Scent, conceived and elaborated on the blue moon of August 2012 ; 13th moon... Moon of Isis, Moon of Witches and Magicians.....A moon with the power to re-establish the plenitude of the Female Principle in this dimension.

The ***Huile Consolatrice MoonStar Blue*** carries the female frequency of Venus and has the prime virtue of enabling us to allow the emergence of our Truth, our fundamental nature, Joy, confidence and acceptance of the unknown within ourselves and this mode of transformation. This is the oil of the Primordial Eternal Child ever present in ourselves, the oil of Innocence and Love.

Dissolving the deep traumatic memories brought about by the perversions and deviations of our many lives on Earth, this oil brings us support in the face of our deep fears concerning incarnation.

The ***Huile Consolatrice MoonStar Blue*** is ideal to assist us during any grieving, and transitions... Growing-up to become autonomous is a successional process of grieving that which is known; with each step we take on earth we must grieve the previous step....

This is the Oil of Venus, the Great Mother Goddess whom, thought her presence, re-establishes, in our beings, the Primordial Crystal Earth that has remained pure, the Eternal Earth, pre-dating the falsification inherent in the psychic projections of this space-time.

Nicholas Roerich.

The precious synergy of ***Huile Consolatrice MoonStar Blue*** has been worked to profoundly appease and unify, body, heart and spirit.

It's effectiveness is due to a conjoint action of its scent, chemical composition, colour and energy activation. It thus brings it's message of pacification, to both the most dense physical and most subtle plains.

The sumptuous emerald green colour of the oil, that consoles the heart, is due to the aromatic composition that works on easing the psyche, in it blue tones, and that works on anchoring, acceptance and joyous relaxation, in it's yellow-orange tones.

Bringing security, stability and reunification of being; necessary conditions of unified and serene love, as opposed to duellist and tormented love.

MoonStar Blue, taming that which is called "dead" in this dimension, can provide an ideal accompaniment to those facing the end of their days, though foot massage (reflexology).

By relaxing the ortho-sympathetic nervous system, ***Huile Consolatrice MoonStar Blue*** provides a calming and sedative action which is useful for those suffering from stress and intellectual over stimulation.

Liberating the heart and aiding a return to the essence, helping us to let go of the excessive ruminations of the rational mind.

Through it's powerful psychological impact, ***Huile Consolatrice MoonStar Blue*** brings joy, gentleness and balance.

Reassuring and reunifying, this is the oil of the incorporation of Me in ones being, a necessary stage in the acceptance and accomplishment of incarnation.

Huile Consolatrice MoonStar Blue is indicated in states of depression, anxiety, profound nervous and physic fatigue, insomnia, physical and mental tension due to stress ; nervousness and irritability due to emotional imbalance.

It is relaxing and sleep inducing.

NOTE: ***Huile Consolatrice MoonStar*** is complimentary to ***Huile Consolatrice Red Dragon Oil*** ; ideally used in tandem.

Uses:

An oil, rich in active ingredient, it is highly recommended for use in reflexology massage of the soles of the feet. Massage in a clockwise direction of the solar-plexus and cardiac-plexus.

Gentle anointing of the pulse points of the wrist, back of the knees, elbows and temples.

Massage of the spine, using small circular motions around each vertebrae particularly of the nape of the neck and cervical zone of the upper back.

Any knotted tensions, due to stress, felt in the body, will benefit from massage using ***Huile Consolatrice MoonStar Blue***.

It is also strongly advised to practice deep breathing when using this oil as it will enable the aromatic molecules, through the limbic cortex, to directly access the emotional plane. This oil can also be used in the nasal reflex points of the interior of the nostrils (it is useful to seek assistance from a trained therapist familiar with this technique).

Huile Consolatrice MoonStar Blue can be used on children from the age of 24 months. Not for the use of pregnant women or babies under 24 months.

Note :

Olive oil, used in the composition of this ***Huile Consolatrice***, has a particular vocation. The olive tree speaks to us of the victory of beings that have assumed all their interior death-reincarnations and have therefore become gateways to peace, gentleness and light.

The oil obtained from the mature fruits is the quintessential expression of this solar alchemy.

Olive oil carries the information of life.

Certain people when in a pure ecstatic state, and certain “magic” icons secrete pure olive oil, principally due to its molecules being inter-dimensional gateways. In each of the ***Huiles Consolatrices Adevaya*** Anointing Oils, olive oil allows a synergistic alchemy with the other components of the formula.
